

Court Monitors Needed

The St. Louis Ending Violence Against Women Network (SLEVAWN) Court Watch Project is currently recruiting volunteer monitors to observe courtrooms where civil domestic violence cases are being heard and monitor the proceedings in an effort to research any problem patterns and issues within the court system. This project is funded by the Department of Justice.

The Court Watch Project is a community-based initiative within the court system to help improve court processes regarding Order of Protection hearings. The mission of the Court Watch Project is to make the justice system more effective and responsive in handling cases of domestic violence perpetrated against women and children and to create a more informed and involved public. This is a great opportunity for students, victim advocates and community members.
